

Part Number: SCS-1412 Silicone
Cold Shrink for 1/4" to 1/2"
connection

Dimensions

Nominal Size: 1/4" to 1/2" connections
Length: 8.0"
Diameter: 0.75"

General Specifications

Diameter for Seal Maximum: 0.50"
Diameter for Seal Minimum: 0.25"
Applications per Kit: One 1/4" to 1/2" Connection

Mechanical Specifications

UV Resistant
Made of Silicone rubber
Offering good mechanical, insulation and sealing protection
Accommodating a Wide range of cable sizes
For indoor or outdoor applications
Simple and fast installation

Product Application

Alternative weatherproofing device
Silicone rubber construction
No tools required

Regulatory Compliance/Certifications

IP 68 rated after proper installation
